# General Data Protection Policy

**Note:** Throughout this document, references to the General Data Protection Regulation (UK-GDPR) are references to the original EU GDPR incorporating the post-Brexit, amendments set out in the Keeling Schedule.  
**Introduction to the UK-GDPR**

Under the United Kingdom General Data Protection Regulations (UKGDPR) Life for African Women (herein after referred to as LFAM) is required to comply with the UK-GDPR and undertakes to do so.

## 1. Definitions

### *Data Subject*

A data subject is an identifiable individual person about whom LFAM holds personal data.

### *Contact Information*

For the purposes of this Policy, "Contact Information" means any or all of the person's: full name (including any preferences about how they like to be called); full postal address; telephone and/or mobile number(s); e-mail address(es); social media IDs/User Names (eg: Facebook, Skype, Hangouts, WhatsApp)

## 2. Principles of the UK-GDPR

LFAM will ensure that all personal data that it holds will be:

- a) processed lawfully, fairly and in a transparent manner in relation to individuals;
- b) collected only for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes; further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall not be considered to be incompatible with the initial purposes;
- c) adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed;
- d) accurate and, where necessary, kept up to date; every reasonable step must be taken to ensure that personal data that are inaccurate, having regard to the purposes for which they are processed, are erased or rectified without delay;
- e) kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed; personal data may be stored for longer periods insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes subject to implementation of the appropriate technical and organisational measures required by the UK-GDPR in order to safeguard the rights and freedoms of individuals; and

- f) processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

### 3. Lawful Processing

LFAM will obtain, hold and process all personal data in accordance with the UK-GDPR for the following lawful purposes. In all cases the information collected, held and processed will include Contact Information (as defined in 1 above).

#### 3.1 *By Consent*

People who are interested in, and wish to be kept informed of, the activities of LFAM.

- a) Subject to the person's consent, this may include information selected and forwarded by the LFAM on activities by other organisations which are relevant to those undertaken by LFAM.

**Note:** this will not involve providing the person's personal data to another organisation.

- b) The information collected may additionally contain details of any particular areas of interest about which the person wishes to be kept informed.
- c) The information provided will be held and processed solely for the purpose of providing the information requested by the person.

#### 3.2 *By Contract*

People who sell goods and/or services to, and/or purchase goods and/or services from LFAM.

The information collected will additionally contain details of:

- a) The goods/services being sold to, or purchased from LFAM;
- b) Bank and other details necessary and relevant to the making or receiving of payments for the goods/services being sold to, or purchased from LFAM.

The information provided will be held and processed solely for the purpose of managing the contract between LFAM and the person for the supply or purchase of goods/services.

#### 3.3 *By Legal Obligation*

People where there is a legal obligation on LFAM to collect, process and share information with a third party – eg: the legal obligations to collect, process and share with HM Revenue & Customs payroll information on employees of LFAM.

The information provided will be held, processed and shared with others solely for the purpose meeting LFAM's legal obligations.

#### 3.4 *By Vital Interest*

LFAM undertakes no activities which require the collection, holding and/or processing of personal information for reasons of vital interest.

#### 3.5 *By Public Task*

LFAM undertakes no public tasks which require the collection, holding and/or processing of personal information.

## 3.6 Legitimate Interest

### Volunteers, Including Trustees

In order to be able to operate efficiently, effectively and economically, it is in the legitimate interests of LFAM to hold such personal information on its volunteers and trustees as will enable LFAM to communicate with its volunteers on matters relating to the operation of the charity, eg:

- ✓ the holding of meetings;
- ✓ providing information about LFAM activities – particularly those activities which, by their nature, are likely to be of particular interest to individual volunteers/trustees;
- ✓ seeking help, support and advice from volunteers/trustees, particularly where they have specific knowledge and experience;
- ✓ ensuring that any particular needs of the volunteer/trustee are appropriately and sensitively accommodated when organising meetings and other activities of LFAM.

## 4. Individual Rights

### 4.1 The right to be informed

When collecting personal information LFAM will provide to the data subject free of charge, a Privacy Policy written in clear and plain language which is concise, transparent, intelligible and easily accessible containing the following information:

- ✓ Identity and contact details of the controller
- ✓ Purpose of the processing and the lawful basis for the processing
- ✓ The legitimate interests of the controller or third party, where applicable
- ✓ Categories of personal data;  
**Not applicable if the data are obtained directly from the data subject**
- ✓ Any recipient or categories of recipients of the personal data
- ✓ Details of transfers to third country and safeguards
- ✓ Retention period or criteria used to determine the retention period
- ✓ The existence of each of data subject's rights
- ✓ The right to withdraw consent at any time, where relevant
- ✓ The right to lodge a complaint with a supervisory authority
- ✓ The source the personal data originates from and whether it came from publicly accessible sources  
**Not applicable if the data are obtained directly from the data subject**
- ✓ Whether the provision of personal data is part of a statutory or contractual requirement or obligation and possible consequences of failing to provide the personal data  
**Not applicable if the data are NOT obtained directly from the data subject**
- ✓ The existence of automated decision making, including profiling and information about how decisions are made, the significance and the consequences.

In the case of data obtained directly from the data subject, the information will be provided at the time the data are obtained.

In the case that the data are not obtained directly from the data subject, the information will be provided within a reasonable period of LFAM having obtained the data (within one month), **or**, if the data are used to communicate with the data subject, at the latest, when the first communication takes place; **or**

if disclosure to another recipient is envisaged, at the latest, before the data are disclosed.

## 4.2 *The right of access*

The data subject shall have the right to obtain from the controller confirmation as to whether or not personal data concerning him/her are being processed, and, where that is the case, access to his/her personal data and the information detailed in the LFAM's relevant Privacy Policy:

## 4.3 *The right to rectification*

The data subject shall have the right to require the controller without undue delay to rectify any inaccurate or incomplete personal data concerning him/her.

## 4.4 *The right to erase {The right to be forgotten}*

Except where the data are held for purposes of legal obligation or public task (3.3 or 3.5) the data subject shall have the right to require the controller without undue delay to erase any personal data concerning him/her.

**Note:** *This provision is also known as "The right to be forgotten".*

## 4.5 *The right to restrict processing*

Where there is a dispute between the data subject and the Controller about the accuracy, validity or legality of data held by LFAM the data subject shall have the right to require the controller to cease processing the data for a reasonable period of time to allow the dispute to be resolved.

## 4.6 *The right to data portability*

Where data are held for purposes of consent or contract (3.1 or 3.2) the data subject shall have the right to require the controller to provide him/her with a copy in a structured, commonly used and machine-readable format of the data which he/she has provided to the controller, and have the right to transmit those data to another controller without hindrance.

## 4.7 *The right to object*

- a) The data subject shall have the right to object, on grounds relating to his or her particular situation, at any time to processing of personal data concerning him/her which is based on Public Task or Legitimate Interest (3.5 or 3.6), including profiling based on those provisions. The controller shall no longer process the personal data unless the controller demonstrates compelling legitimate grounds for the processing which override the interests, rights and freedoms of the data subject or for the establishment, exercise or defence of legal claims.
- b) Where personal data are processed for direct marketing purposes, the data subject shall have the right to object at any time to processing of personal data concerning him/her for such marketing, which includes profiling to the extent that it is related to such direct marketing.
- c) Where the data subject objects to processing for direct marketing purposes, the personal data shall no longer be processed for such purposes.
- d) At the latest at the time of the first communication with the data subject, the right referred to in paragraphs a) and c) shall be explicitly brought to the attention of the data subject and shall be presented clearly and separately from any other information.

## 4.8 *Rights in relation to automated decision making and profiling*

Except where it is: a) based on the data subject's explicit consent, *or* b) necessary for entering into, or performance of, a contract between the data subject and a data controller; the data subject shall have the right not to be subject to a decision based solely on automated processing, including profiling, which produces legal effects concerning him/her or similarly significantly affects him/her.

# Operational Policies and Procedures

## 5. Operational Policies & Procedures – The Context

LFAM is a small charity holding just a small amount of non-sensitive data on a small number of people.

The Trustees understand and accept their responsibility under the UK General Data Protection Regulation (UK-GDPR) to hold all personal data securely and use it only for legitimate purposes with the knowledge and approval of the data subjects.

By the following operational policies and procedures the Trustees undertake to uphold the principles and requirements of the UK-GDPR in a manner which is proportionate to the nature of the personal data being held by the Charity. The policies are based on the Trustees' assessment, in good faith, of the potential impacts on both the Charity and its data subjects of the personal data held by the Charity being stolen, abused, corrupted or lost.

## 6. Personnel

### 6.1 *Data Protection Officer*

In the considered opinion of the Trustees the scope and nature of the personal data held by LFAM is not sufficient to warrant the appointment of a Data Protection Officer. Accordingly, no Data Protection Officer is appointed.

### 6.2 *Data Controller*

The Board of Trustees is the Data Controller for the Charity.

### 6.3 *Data Processor*

The Board of Trustees will appoint at least 2 and not more than 5 of its number, or other appropriate persons, to be the Data Processors for the Charity.

LFAM will not knowingly outsource its data processing to any third party (eg: Google G-Suite, Microsoft OneDrive) except as provided for in the section "Third Party Access to Data".

### 6.4 *Access to Data*

Except where necessary to pursue the legitimate purposes of LFAM, only the Data Processors shall have access to the personal data held by the LFAM.

## 6.5 Training

The Board of Trustees and Data Processors will periodically undergo appropriate training commensurate with the scale and nature of the personal data that LFAM holds and processes under the UK-GDPR

## 7. Collecting & Processing Personal Data

LFAM collects a variety of personal data commensurate with the variety of purposes for which the data are required in the pursuit of its charitable objects.

All personal data will be collected, held and processed in accordance with the relevant Data Privacy Notice provided to data subjects as part of the process of collecting the data.

A Data Privacy Notice will be provided, or otherwise made accessible, to all persons on whom LFAM collects, holds and processes data covered by the UK-GDPR. The Data Privacy Notice provided to data subjects will detail the nature of the data being collected, the purpose(s) for which the data are being collected and the subjects rights in relation to LFAM's use of the data and other relevant information in compliance with the prevailing UK-GDPR requirements.

## 8. Information Technology

### 8.1 *Data Protection by Design/Default*

Inasmuch as:

- a) none of the LFAM's volunteer Trustees are data protection professionals;
  - b) it would be a disproportionate use of charitable funds to employ a data protection professional, given the scale and nature of the personal data held by LFAM;
- the Trustees will seek appropriate professional advice commensurate with its data protection requirement whenever:
- c) they are planning to make significant changes to the ways in which they process personal data;
  - d) there is any national publicity about new risks (eg: cyber attacks);
  - e) any material changes to the UK-GDPR are proposed or have been made;

which might adversely compromise LFAM's legitimate processing of personal data covered by the UK-GDPR.

Personal data will never be transmitted electronically (eg: by e-mail) unless securely encrypted.

### 8.2 *Data Processing Equipment*

The scale and nature of the personal data held by LFAM is not sufficient to justify the Charity purchasing numerous dedicated computers for the processing of personal data.

Instead LFAM will purchase and own at least 2 and not more than 6 removable storage devices to store the personal data that it holds and processes.

The removable storage devices will also act as backup devices.

Whilst the data will be processed on the computers/laptops to which the Data Processors have access, no personal data covered by the UK-GDPR will be stored on those computers/laptops. All interim working data transferred to such computers/laptops for processing will be deleted once processing has been completed.

When not in use the removable storage devices will be kept in a secure location and reasonably protected against accidental damage, loss, avoidable theft or other misuse by persons other than the Data Processors.

The Data Controller & Data Processors will keep a register of

- a) the location of all removable devices used for the storage and processing of personal data;
- b) each occasion when the data on each device were accessed or modified and by whom.

LFAM's removable storage devices shall not be used for the storage of any data which are unrelated to the LFAM's processing of personal data.

### **8.3 Data Processing Location**

Data Processors shall only process LFAM's personal data in a secure location, and not in any public place, *eg*: locations where the data could be overlooked by others, or the removable data storage devices would be susceptible to loss or theft.

Computers/laptops in use for data processing will not be left unattended at any time.

### **8.4 Data Backups**

To protect against loss of data by accidental corruption of the data or malfunction of a removable data storage device (including by physical damage), all LFAM's personal data shall be backed up periodically and whenever any significant changes (additions, amendments, deletions) are made to the data.

Backup copies of the data shall be held in separate secure locations which are not susceptible to common risks (*eg*: fire, flood, theft).

As far as is reasonably practical, all files containing personal data covered by the UK-GDPR will be encrypted by the use of NCH-Meo, Kaspersky Vault or other comparable software.

The encryption keys will be held securely in a location which is separate from the data storage media.

### **8.5 Obsolete or Dysfunctional Equipment (Disposal of Removable Storage Media)**

Equipment used to hold personal data, whether permanently or as interim working copies, which come to the end of their useful working life, or become dysfunctional, shall be disposed of in a manner which ensures that any residual personal data held on the equipment cannot be recovered by unauthorised persons.

Inasmuch as:

- a) this will be a relatively infrequent occurrence;
  - b) techniques for data recovery and destruction are constantly evolving;
  - c) none of the Trustees have relevant up-to-date expert knowledge of data cleansing;
- equipment which becomes obsolete or dysfunctional shall not be disposed immediately. Instead it will be stored securely while up-to-date expert advice on the most appropriate methods for its data cleansing and disposal can be sought and implemented.

## **9. Data Subjects**

### **9.1 The Rights of Data Subjects**

In compliance with the UK-GDPR LFAM will give data subjects the following rights. These rights will be made clear in the relevant Data Privacy Notice provided to data subjects:

- ✓ the right to be informed;
- ✓ the right of access;
- ✓ the right to rectification;
- ✓ the right of erasure {LO} Also referred to as “The right to be forgotten”
- ✓ the right to restrict processing;
- ✓ the right to data portability; {LO} {LI}
- ✓ the right to object; {SC} {Co} {LO}
- ✓ the right not to be subjected to automated decision making, including profiling.

The above rights are not available to data subjects when the legal basis on which the Charity is holding & processing their data are:

- |  |   |
|--|---|
| <span style="color: green;">{SC}</span> Subject Consent; | <span style="color: yellow;">{Co}</span> Contractual obligation |
| <span style="color: red;">{LO}</span> Legal Obligation   | <span style="color: blue;">{LI}</span> Legitimate Interest      |

## 9.2 Rights of Access, Rectification and Erasure

Data subjects will be clearly informed of their right to access their personal data and to request that any errors or omissions be corrected promptly.

Such access shall be given, and the correction of errors or omissions shall be made free of charge provided that such requests are reasonable and not trivial or vexatious. There is no prescribed format for making such requests provided that:

- a) the request is made in writing, signed & dated by the data subject (or their legal representative)
- b) the data claimed to be in error or missing are clearly and unambiguously identified.
- c) the corrected or added data are clear and declared by the subject to be complete and accurate.

It will be explained to subjects who make a request to access their data and/or to have errors or omissions corrected, or that their data be erased, that, while their requests will be actioned as soon as is practical there may be delays where the appropriate volunteers or staff to deal with the request do not work on every normal weekday.

Where a data subject requests that their data be rectified or erased the Data Controller and Data Processor will ensure that the rectifications or erasure will be applied to all copies of the subject’s personal data including those copies which are in the hands of a Third Party for authorised data processing.

## 9.3 Right of Portability

LFAM will only provide copies of personal data to the subject (or the subject’s legal representative) on written request.

LFAM reserves the right either:

- a) to decline requests for portable copies of the subject’s personal data when such requests are unreasonable (*ie*: excessively frequent) or vexatious;  
*or*
- b) to make a reasonable charge for providing the copy.

## 9.4 Data Retention Policy

Personal data shall not be retained for longer than:

- a) In the case of data held by subject consent:  
the period for which the subject consented to LFAM holding their data;
- b) in the case of data held by legitimate interest of LFAM:  
the period for which that legitimate interest applies. For example: in the case of data subjects who held a role, such as a volunteer, with LFAM the retention period

is that for which LFAM reasonably has a legitimate interest in being able to identify that individual's role in the event of any retrospective query about it;

- c) in the case of data held by legal obligation:  
the period for which the LFAM is legally obliged to retain those data.

LFAM shall regularly – not less than every 6 months – review the personal data which it holds and remove any data where retention is no longer justified. Such removal shall be made as soon as is reasonably practical, and in any case no longer than 20 working days (of the relevant Data Processor) after retention of the data was identified as no longer justified.

## 10. Privacy Impact Assessment

### 10.1 *Trustees' Data*

The volume of personal data is very low – less than 15 individuals  
The sensitivity of the data is low-moderate: the most sensitive data being date of birth, previous names and previous addresses;  
The risk of data breach is small as the data are rarely used, with the majority of the data being held for a combination of legal obligation and legitimate interest.

**Overall impact: LOW**

### 10.2 *Volunteers'/Members' Data*

The volume of personal data is low – less than 50 individuals  
The sensitivity of the data is low: the most sensitive data being an e-mail address;  
The risk of data breach is small – primarily the accidental disclosure of names & e-mail addresses.

**Overall impact: LOW**

### 10.3 *Supporters' & Enquirers' Data*

The volume of personal data is low-moderate.  
The sensitivity of the data is low: the most sensitive data being an e-mail address;  
The risk of data breach is small – primarily the accidental disclosure of names & e-mail addresses.

**Overall impact: LOW**

## 11. Third Party Access to Data

Under no circumstance will LFAM share with, sell or otherwise make available to Third Parties any personal data except where it is necessary and unavoidable to do so in pursuit of its charitable objects as authorised by the Data Controller.

Whenever possible, data subjects will be informed in advance of the necessity to share their personal data with a Third Party in pursuit of LFAM's objects.

Before sharing personal data with a Third Party LFAM will take all reasonable steps to verify that the Third Party is, itself, compliant with the provisions of the UK-GDPR and confirmed in a written contract. The contract will specify that:

- LFAM is the owner of the data;
- The Third Party will hold and process all data shared with it exclusively as specified by the instructions of the Data Controller;
- The Third Party will not use the data for its own purposes;
- The Third Party will adopt prevailing industry standard best practice to ensure that the data are held securely and protected from theft, corruption or loss;
